## **SCHROEDER INDUSTRIES HIRES NEW BIOFUELS AND PROCESS PRODUCT MANAGER**

**Leetsdale, PA-** Schroeder Industries, a recognized leader in filtration and fluid conditioning products, welcomes David Henry as the new BioFuels and Process Product Manager.

David will report directly to Michael Lamers, National Sales and Marketing Manager of Schroeder Industries, and work out of the Leetsdale, PA office. David will be responsible for promoting and developing the Biofuels and Process product lines. With David's varied experience in sales, account management, and systems troubleshooting, he will be a valuable asset to Schroeder Industries in achieving corporate objectives. David can be reached via email or phone at [dhenry@schroederindustries.com](mailto:dhenry@schroederindustries.com) or 724-318-1179.

### About Schroeder Industries

Schroeder is a leader in filtration and fluid conditioning and its expertise in filtration technology, superior filter and element manufacturing capabilities, and dedication to customer service and product support are the reasons Schroeder is considered "The Filter Company."

For further information about Schroeder Industries and its products, call 724-318-1100 or visit [www.schroederindustries.com](http://www.schroederindustries.com).
